Additional information

1.Project partners will issue PAWER Newsletter (2-4 pages). There are 4 Newsletters planned within the project lifetime, for each letter one region will be responsible:

a. Newsletter **CA** – responsible partners will be KAZNAU and KNU, Kazakhstan and Kyrgyzstan (in native languages and English, voluntarily in Russian, deadline: December 25, 2017)

b. Newsletter **Mongolia** – responsible partners will be NUM and MUST, Mongolia (in native languages and English, voluntarily in Russian, deadline: November 30, 2018)

c. Newsletter **Russia** – responsible partners will be SibSUTIS and SPbSUT (in all native languages of the PAWER consortium and in English, deadline: March 30, 2019)

d. Newsletter **Caucasus** – responsible partners will be Khazar University and ISU (in all native languages of the PAWER consortium and in English, deadline: September 30, 2019).

2. Production of brochures, newsletters and posters in partner languages in English, ensuring their online availability, printing and distribution to target groups in the country. Responsible coordinators will be national coordinators: Georgia: ISU (Ilia State University), Azerbaijan: KHAZAR University, Mongolia: NUM

(National University of Mongolia), Russia: SibSUTIS (Siberian State University of Telecommunications and Information Sciences), Kazakhstan:KazNAU (Kazakh National Agrarian University), Kyrgyzstan: KNU (Kyrgyz National University), Tajikistan: TSUC (Tajik State University of Commerce), Uzbekistan: SAI (Samarkand Agricultural Institute)   According to the plans of universities.

3. Events organization – information seminars, workshops, participation conference and workshops on national and international level – all the promotion materials (presentations in Power Point or other electronic format, printed brochures, posters, newsletters, etc.) will carry a project logo and the Erasmus + logo due to a simple identification of project and donor program. Proposed is to organize regional dissemination seminars together or within other planned conferences (organized by Ministry of Education and Science) for more costs effectiveness.

4. Social network(s) – networks will provide supporting information on project, its aims and objectives; link on the web site will be available.

5. Partners should put dissemination materials in DROPBOX.

6. Who will be web site administrator?
